Business School

OHM Professional School

Lifelong learning as the key to ongoing professional success – the **OHM Professional School (OPS)** of the Nuremberg Institute of Technology (Nuremberg Tech) has been part of this process since its founding in 2001. The institute unites the various continuing education courses offered by Nuremberg Tech under one roof.

The OPS is one of the most experienced business schools in Germany with a wide range of educational programs. Based on a comprehensive academic foundation, the OHM Professional School provides practical expertise within the framework of professional development. The competence in technical and economical fields is emphasized in our master's and bachelor's degree programs, internationally oriented MBA courses in General Management as well as modular certificate courses, seminars, conferences and colloquia for specialists and executives. Selected teams of university professors and top lecturers from the business world guarantee effective linking of theory and practice.

Our Students

"I was able to manage the program beside my job in which I have to work 40 hours, perceive client appointments abroad and attend workshops. In case of absence, fellow students always helped me out.

I would definitely decide the OHM MBA again. The positive aspects, which convinced me of the MBA program persisted during the whole program."

Sabine Roth, MBA Alumna

"The program is all about bringing out the leader in you and provides you with several opportunities in taking initiatives through group activities, team building exercises, workshops and specialized leadership related courses throughout your MBA.

The professors, lecturers and the office faculty, who are your first point of contact through your journey are extremely supportive and approachable."

Vaidehi Rege, MBA student

Program

The OHM Professional School is dedicated to producing global leaders through its MBA programs in General Management. Take advantage of our 20 years of experience and we guarantee an excellent qualification in Business Administration.

Our mission is to provide more than just a theoretical study. Especially in management there is a reasonable requirement of practical experience and soft skills. Therefore we offer a perfect balance between the theoretical lectures and practical orientated exercises.

The OHM Professional School offers a special customized MBA program. Both tracks are offered in intensive and standard modes:

1) **MBA Business Background** is an MBA program designed for applicants with educational background in management or business related studies.

2) **MBA Non-Business Background** is an MBA program designed for applicants with educational background in non-management related studies, e.g. IT, architecture, engineering etc.

Who should opt for OHM MBA Program?

This program is designed for everyone who wants to become an experienced manager. Scientists, engineers, lawyers and other professionals from all industries, with at least two years relevant work experience and a first university degree (bachelor or master) are very welcome.
