The Future Is What You Make of It – Studying on the FHWS i-Campus

Information about the university
- One of the largest universities of applied sciences in southern Germany
- Degree programmes with a combination of theoretical and practical components
- Personal study groups
- Modern infrastructure and laboratories equipped with the latest technology
- More than 60 degree programmes at 10 faculties
- 9,100 students/200 professors (last updated: winter semester 17/18)
- Close collaboration with regional and transregional companies and enterprises

Location
- Situated in one of the most beautiful regions of Germany
- Two locations (appr. 40 km apart)
- Perfect starting point to discover Germany and Europe
- Major international airports at Frankfurt (116 km) and Munich (278 km) within easy reach

International orientation
- Cooperation with more than 180 universities worldwide
- Students from more than 70 different countries
- Experience in international cooperation for more than 30 years

Be part of an international network of proficiency
- English degree programmes
- Twin Programmes (switch between languages and courses possible)
- Language classes
- Intercultural teams
- No tuition fees

Active integration into German on-campus student life
- Orientation Programme before start of semester
- Support programme and intercultural training during the semester
- Halls of residence in the immediate vicinity of the university

Getting geared up for the future
- A universally recognized German degree
- Qualification for successful careers in German and international working environments
Bachelor's Degree Course in English Business and Engineering

Degree Programme
The Business and Engineering programme is based on a well-balanced combination of technology and business. The courses offered at FHWS are designed to be interdisciplinary and practically-orientated. Skilled teaching staff from leading German companies make sure the contents of classes are always up to date and they constantly guarantee the practical relevance of the courses. Students will be trained for a variety of professional areas, e.g. companies in manufacturing and engineering, banks, insurance and consulting firms, commercial enterprises, and public services. Graduates of this degree programme have excellent opportunities for starting their careers.

Twin Programme
The Bachelor’s degree programmes in English are structured in a similar way to the existing degree programme in German (Twin Programmes) which enables students to switch between courses and languages. It is possible to obtain a Twin Certificate which proves that students completed their studies in both languages and are perfectly qualified for successful careers in the German and international labour market.

Programme Structure

Basic subjects (Semesters 1-3)
(e.g. Mathematics, Physics, Material Sciences & Design, Computer Sciences for Engineers, Economic Sciences, International Trade Law)

Specialisations (Semesters 4-5)
Engineering specialisations:
> Mechatronics
Additionally specialisations in German: Mechanical Engineering and Electrical Engineering

Business specialisations:
> Production
> Logistics
> Purchasing
Additionally specialisations in German: Sales and Controlling

Internship (Semester 6)
20 weeks of internship

Completion of programme (Semester 7)
Bachelor’s thesis. Graduates of the programme are awarded the degree Bachelor of Engineering (B. Eng.),
> Full-time
> The academic year always starts in October
> 100% taught in English

Admission Requirements

University entrance qualification
Certificate of completion of secondary education. Proof of previous higher education and qualifications (if applicable).

Knowledge of English
e.g. in form of the following test results:
> TOEFL test with a min. of 80 points (Internet-based)
> IELTS with a min. of 6.5 points
> Cambridge Certificate on Advanced level (CAE)

Knowledge of German
Non-native speakers must demonstrate knowledge of the German language at A2 level (GER). A certificate of A2 level in German can also be obtained within the first two semesters. The university will be organising special German classes for international students.

Internship
6-week technical internship that should be completed before the start of studies and which has to be organised by the students themselves. In some exceptional cases it can be completed during the first two semesters.

Tuition Fees
The German education system is state funded for German as well as international students, because education is of very high importance. Students at FHWS in Schweinfurt only have to pay an administrative fee of € 80 per semester.

Application
Applications have to be submitted online. You will find more information on terms and conditions on our website. Deadline for applications is 15 July for the following winter semester.

Support
All English degree programmes include German classes and intercultural training so as to ensure the best possible integration of international students. A special Orientation Programme before the start of the semester will help students to feel at home both at FHWS and in Germany. During the semester, various cultural events and other services are offered, e.g. guided tours, field trips, and workshops.

Bachelor’s Degree Programme in English
Degree Programme

Logistics is the management of processes of planning, structuring, and controlling the flow of goods and information in companies, as well as between suppliers and customers throughout the supply chain. Logistics is one of the most important fields of career opportunities worldwide and the third biggest sector of industry in Germany. It is a complex task that requires planning, organisation, practicality, and technical skills. Therefore the degree programme at FHWS combines subjects in the field of IT, business administration, and technology. Graduates work in a variety of industries and sectors, including retail, manufacturing or transportation.

Twin Programme

The Bachelor's degree programmes in English are structured in a similar way to the existing degree programme in German (Twin Programmes) which enables students to switch between courses and languages. It is possible to obtain a Twin Certificate which proves that students completed their studies in both languages and are perfectly qualified for successful careers in the German and international labour market.

Programme Structure

Basic subjects (Semesters 1-3)  
(e.g. Mathematics, Physics, Operations Management, Technical Mechanics, Transportation Management and Forwarding, Project Management and Scientific Working)

Advanced subjects (Semesters 4-5)  
(e.g. Material Flow Systems/Technical Logistics, Supply Chain Management, International Logistics, Strategic Purchasing, Logistics Services, Projects in Industry, SAP lectures)

Internship (Semester 6)  
20 weeks of internship

Completion of programme (Semester 7)  
Bachelor’s thesis, soft skills courses and elective courses

Graduates of the programme are awarded the degree Bachelor of Engineering (B. Eng.).

Admission Requirements

University entrance qualification
Certificate of completion of secondary education. Proof of previous higher education and qualifications (if applicable).

Knowledge of English
- in form of the following test results:
  - TOEFL test with a min. of 80 points (Internet-based)

Bachelor’s Degree Course in English

Degree Programme
The degree programme Mechatronics is devised to meet the multidisciplinary requirements of today’s industry. This engineering discipline combines the competences from areas of electrical and mechanical engineering with information processing. The teaching staff has a vast industrial experience and is actively involved in research and development in cooperation with national and multinational enterprises. A graduation in the field of Mechatronics at FHWS opens many doors to a fascinating career as an engineer. Potential employers are companies from industrial sectors like automotive, aerospace, robotics, manufacturing, material processing, energy systems, drives, printing, medical systems, and consumer products etc.

Twin Programme
The Bachelor’s degree programmes in English are structured in a similar way to the existing degree programmes in German (Twin Programmes) which enables students to switch between courses and languages. Graduation
Bachelor of Engineering [B.Eng.]

Admission Requirements

University entrance qualification
Certificate of completion of secondary education. Proof of previous higher education and qualifications (if applicable).

Knowledge of English
A solid knowledge of the English language (at least B2 level of CEFR) is required for studies at FHWS. Applicants whose previous education is not in English, are advised to achieve:
- TOEFL test with a min. of 80 points (Internet-based)
- IELTS with a min. of 6.5 points
- Cambridge Certificate on Advanced level (CAE)

Knowledge of German
Non-native speakers must demonstrate knowledge of the German language at A2 level of CEFR. This proficiency level with corresponding certificate can also be achieved within the first two semesters of your studies at FHWS. The university will organise special German classes for international students.

Pre-study internship
6-week technical internship that should be completed before the start of studies and which has to be organised by the students themselves. In some exceptional cases it can be completed during the first two semesters.

Tuition Fees
The German education system is state funded for German as well as international students, because education is of very high importance. Students at FHWS in Schweinfurt only have to pay an administrative fee of € 80 per semester.

Application
Applications have to be submitted online and via post. The formal deadline for applications is 15 July for the following winter semester. An early application is highly recommended for international students. For further information on terms and conditions, please check our website: www.international.fhws.de

Support
All English degree programmes include German classes and intercultural training in order to ensure the best possible integration of international students. A special Orientation Programme is organised by the university to familiarise the students with the life at FHWS and in Germany. Various cultural events and other services e.g. guided tours, field trips and workshops are offered during the semester.

Bachelor’s Degree Course in English
International Management
Degree Programme
Graduates of the Bachelor’s degree programme in International Management have a sound basic understanding of core subjects in business management. In two areas of specialisation, students will have in-depth knowledge. The FHWS Twin Programme provides a very well-prepared course of study for German as well as for international students. Having the chance of spending a semester at one of our partner universities or of completing an internship abroad, the programme prepares for a career in an international business environment. Graduates work in a variety of industries. This includes professional fields as diverse as Controlling, Finance, Logistics, Marketing, Organisation, and Accounting.

Twin Programme
The Bachelor’s degree programmes in English are structured in a similar way to the existing degree programme in German (Twin Programmes) which enables students to switch between courses and languages. It is possible to obtain a Twin Certificate which proves that students completed their studies in both languages and are perfectly qualified for successful careers in the German and international labour market.

Programme Structure
Basic subjects
General Business Courses, e.g. Accounting, Finance, Marketing, Human Resources, Economics
Semester abroad (recommended semester 3 or 4) at one of our 80 partner universities
Internship (Semester 5)
20 weeks of internship
Advanced subjects
in English:
  Marketing and Sales Management
  Human Resources
or one of 12 specialist modules of our German degree programme, Bachelor thesis at the end of the degree programme
Graduates of the programme are awarded the degree Bachelor of Arts (B.A.)
  Full-time
  The academic year always starts in October
  100% taught in English

Double Degree
Our students have the chance to participate in the Faculty’s Double Degree Programme which involves two semesters abroad at one of our partner universities. After its successful completion, students receive a German bachelor degree from FHWS and a second bachelor degree from the partner university. This constitutes a competitive advantage on the labour market and allows greater labour mobility across countries.

Admission Requirements
University entrance qualification
Certificate of completion of secondary education. Proof of previous higher education and qualifications (if applicable).
Knowledge of English
e.g. in form of the following test results:
  TOEFL test with a min. of 80 points (Internet-based)
  IELTS with a min. of 6.5 points
  Cambridge Certificate on Advanced level (CAE)
Knowledge of German
Non-native speakers must demonstrate knowledge of the German language at A2 level (GER).
The degree programme is admission-restricted by a Numerus Clausus, which will take the final grades of the applicants into account. 60 places are available in total.

Tuition Fees
The German education system is state funded for German as well as international students, because education is of very high importance. Students at FHWS in Würzburg only have to pay an administrative fee of € 124.50 per semester.

Application
Applications have to be submitted online. You will find more information on terms and conditions on our website. Deadline for applications is 15 July for the following winter semester.

Support
